XII INTERNATIONAL SUPPLIERS TRADE FAIR OF THE TEXTILE INDUSTRY AND APPAREL

The twelfth edition of the Expotextil Peru International Fair that will take place from November 8 to 11 of this year, in the Jockey Exhibition Center, Surco, in an area of 12,000 m² of exhibition and 10,000 m² of parking.

Expotextil Perú 2018, has already assumed since its previous edition, the challenge not only to change scenarios, to become more versatile, but also to consolidate itself as the most complete Information and Commercial Promotion Platform in the country in the textile sector. In this edition, 250 exhibitors from 20 countries will participate and the visit of 26 thousand people is expected at the most important supplier meeting point of the textile production chain – confections from Perú.

As usual in Expotextil, in the exhibition hangars we will have important salons such as:

XII Exhibition of Machinery and Equipment for the Textile and Clothing Industry

The largest exhibition of machinery and equipment of last generation for the textile industry, clothing, leather and footwear, accessories, parts and pieces.

X Pavilion of suppliers and manufacturers of clothing, leather and footwear industry

The most complete supply of textile materials such as yarns, fibers, fabrics, fabrics, textile accessories and will present, as every year, a garment manufacturing sector.

VII Pavilion of manufacturers and suppliers of the Digital sublimation, Textile Stamping and Textile Screen Printing

In its seventh edition will meet suppliers of machinery, equipment, inks, plates, papers, octopus, transfer, meshes and services linked to this new industry.

III Pavilion of Manufacturers and Suppliers of the Home and Decoration Industry.

In this edition we will present suppliers and manufacturers of various home textile products and interior decoration such as, sheets, towels, leather goods and others.

The event will be accompanied by other simultaneous events such as:

II Textile and manufactures Convention

II Textile Dialogue: 4 Discussion forums with recognized analysts and panelists

XII Technical Conferences: 16 Conferences given by first level experts

XII Magisterial Conferences: 4 Top Speakers

II Prize for Textile Competitiveness, carried out by the Textile Committee

“The series of planned activities mean not only more pavilions and events in quantity, but a qualitatively superior contribution in favor of the promotion of an economic sector that has a lot of potential and that provides employment to about 1.5 million Peruvians.”

XII Edition of the Expotextil Runways

Expotextil Peru Runways is an electrifying fashion event, which is capable of attracting a considerable amount of attention in the media, being the perfect showcasing front of a large e of communication related to the fashion world in front of a large and diverse audience.
